

OnCloud™ Portal

Access Real-Time Sales Data for Your Business—Anytime, Anywhere

Keep a better pulse on your business with key metrics and easy-to-understand analytics. OnCloud™ Portal offers instant insights through a visual dashboard accessible from your smartphone, tablet, desktop computer, or laptop. Quickly and easily access business intelligence on the go—free with your pcAmerica monthly support plan.

Features:

- Graphical dashboard interface lets you view easy-to-read, relevant business data
- Gain real-time access to your key store metrics anytime, anywhere, from any device
- Access total sales, profits, and key performance statistics
- Identify peak times and slow times with hourly sales breakdowns
- View sales break-downs by department
- Analyze your performance by comparing year-over-year sales trends
- Access historical sales metrics
- Adjust your dashboard to view and compare sales from previous days, weeks, months, and years
- Hosted on secure, redundant cloud servers
- Comes bundled with your pcAmerica monthly support plan
